Agenda

- IEP Implementation Data Collection
- CALPADS Monitoring Report 16.21
- Preparing for End of Year
  - End of Year Deadlines
  - Example EOY Calendar
  - Local special education data system audit
- Data Submission and Error Resolution
  - High Frequency Data Discrepancies
- BREAK
- Reviewing EOY Reports
- Other Local Auditing in preparation for Fall 1
- 2024-25 Changes

Decoding the Acronyms!

- APR – Annual Performance Report
- BER – Behavioral Emergency Report
- CALPADS – California Longitudinal Pupil Achievement Data System
- CDD – Certification Data Discrepancy
- DD – Data Discrepancy
- DSEA – District of Special Education Accountability
- EOY – End-of Year
- IDEA – Individuals with Disabilities Education Act
- IFSP – Individualized Family Service Plan
- LRE – Least Restrictive Environment
- MEET – Special Education Meetings File
- NPS – Nonpublic Nonsectarian Certified School
- ODS – Operational Data Store
- PLAN – Special Education Plans File
- SED – Special Education Division
- SEDS – Special Education Data System
- SELPA – Special Education Local Plan Area
- SERV – Special Education Services File
- SIS – Student Information System
- SPP – State Performance Plan
- SSID – Statewide Student Identifier
- SWD – Students with disabilities
- SWDS – Students with Disabilities Status File

CSIS EOY Training

- CALPADS LEA Administrators should attend EOY Trainings through CSIS
- You must have a bridge account or be logged in under the CALPADS Administrator’s bridge account if you wish to attend an instructor-led training
- These trainings focus on certification processes and the “how-to”

IEP Implementation

Description/Requirements

Objectives

- To fulfill its monitoring and enforcement responsibilities under the federal IDEA in 34 *Code of Federal Regulations sections* 300.600 and 300.323.
- **Identify systemic issues** with LEAs, and help the State identify LEAs that are not providing the services promised in Individualized Education Programs (IEPs).
- Identify and categorize IEPs surveyed by three designated percentage of completion ranges.

Procedure/Methodology

- CDE will provide a random sample of SWDs to each LEA based upon the following criteria:

Number of SWD	Number of IEPs LEA Must Review	Percentage of IEPs Required for Review
1 – 100	**All/Max of 20**	**20% - 100%**
101 - 199	**20**	**10.05% - 19.8%**
200 – 4,999	**20 – 500**	**10%**
5,000 +	**500**	**0.74% - 9.97%**

NOTE: Small LEAs will only be required to submit IEP Implementation data during their monitoring cycle, beginning with Cycle B in 2025. The random sample generated for large LEAs will EXCLUDE SSIDs from any charters identified as small LEAs.

Procedure/Methodology (2)

- LEAs will collect and analyze local-level service implementation data.
- Measurements will be based upon total number of service minutes provided for all services in the IEP (numerator), and the total number of service minutes prescribed (denominator). Each IEP ratio will then be summarized into one of three categories:

A. 100 to 95% of IEP services implemented
B. 94.9 to 90% of IEP services implemented
C. Less than 90% of IEP services implemented

Procedure/Methodology (3)

- **Numerator should include:**
  - The total count of **actual** service minutes received for all services provided during the evaluation period
- **Denominator should:**
  - **Include:**
    - Total count of **prescribed** service minutes included in the special education plan to which the parent/guardian has agreed/signed, including:
      - Service minutes the student received
      - Student absences due to illness (familial or student), truancy, or other excused or unexcused absences
      - Staff absences due to illness or staff shortages
  - **Exclude service minutes prescribed during:**
      - Field trips
      - Scheduled school breaks such as intersession or --Spring Break
      - Statewide testing periods
      - Student benchmark testing
      - Special programming at the school site (e.g., school assemblies)
      - School-related emergencies

Why must student absences be included in the denominator calculation?

- Although student absences may have an impact on a particular student's implementation percentage, when evaluating IEP Implementation at a local educational agency-level, the **CDE is examining the overall percentage of students in the randomly selected sample that are falling into the 90% and below range**.
- A **significant percentage** of students falling into the 90% and below range may identify systemic issues that may offer an opportunity for CDE to provide programmatic and technical assistance to LEAs.

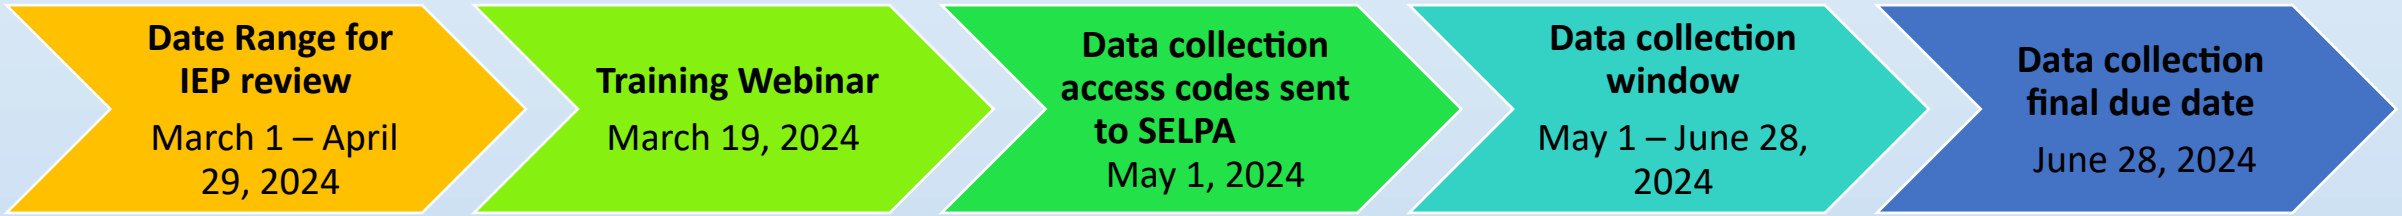

Procedure/Methodology (4)

Example

- Sample LEA ABCUSD
  - Large LEA, **5000+** SWDs, n size of sample: **500** IEPs
- Calculation for single student IEP:
  - Time Period for analysis: March 1, 2024 - April 29, 2024
  - 2000 service minutes provided/2160 service minutes prescribed = **93% implementation**. This student is added to the bucket for **category B**
  - 94.9 to 90% of IEP services implemented
- Summary Data by ABCUSD for submission:

Category	Total	Percentage
A. 100 to 95% of IEP services implemented	410	82%
B. 94.9 to 90% of IEP services implemented	70	14%
C. Less than 90% of IEP services implemented	20	4%

IEP Implementation Timeline

IEP Implementation Follow-Up Survey

- CDE must then assess the validity and reliability of data submitted regarding an LEA's implementation of IEP services.
  - State will randomly select 10% of those LEAs and audit the data submitted by those LEAs regarding the LEA's implementation of IEP services.

Utilizing *Report 16.21 – Late Plan Reviews and Reevaluations*

Using Report 16.21 to address Timeline Compliance in the Annual Determination Letter

Data were pulled from the CALPADS Operational Data Store on March 1, 2024 and included:

- Students enrolled in the LEA on October 4, 2023 whose most recent MEET record:
  - Where Plan Review Indicator = “Y” has a Special Education Meeting Date greater than 365 days prior to **February 13, 2024**.
  - Where Evaluation Type Code = 40 (Eligibility Reevaluation) has a Special Education Meeting Date greater than 3 years prior to **February 13, 2024**.
  - Where Evaluation Type Code = 10 (Part B Initial Evaluation) has a Special Education Meeting Date greater than 365 days prior to **February 13, 2024.**

How do I find out who these students are?

Finding the students enrolled on Census Day…..(1)

1. In the CALPADS reports menu, select Accountability/Monitoring Reports
2. Select Report 16.21 – Late Plan Reviews and Revaluations
3. In the “As of Month” select “October”
4. In the “As of Day” select “4”
5. Click “View Report”
6. Download the report in CSV format
7. Open in Excel

Students Enrolled on 10/4/2023

Find students as of February 13, 2024….. (1)

1. In the “As of Month” select “February”
2. In the “As of Day” select “13”
3. Click “View Report”
4. Download the report in CSV format
5. Open in Excel
6. Copy this data worksheet into the October 4 workbook in a new tab
7. Identify students in the 2/13 worksheet that were enrolled on Census Day
8. Filter the Monitoring Category for “Overdue” meetings

Students Enrolled and whose plans were late as of 2/13/2024

Potential Causes for Extremely Late Meeting Anomalies

- **Eligible and Participating students exited as E155 or E156 (students expected to return) who did not re-enroll at the LEA**
  - FIX: Ask your student information system administrator to correct the exit code or update SWDS to reflect a status of 3 – Eligible, Not Enrolled
- **Students who were exited from special education, but the Students with Disabilities Status (SWDS) still reflects a status of 1 – Eligible and participating**
  - FIX: Submit a SWDS record updating the student's status accordingly (2 – Eligible, Not participating, 3 –Eligible, Not enrolled, or 4 – Not Eligible)
- **More recent MEET records are missing from CALPADS**
  - FIX: Submit the missing historical MEET records in online maintenance (enrollment is not necessary)

Prong 2 data

- In August 2024, SED will pull the late meeting data again
- LEAs will be accountable for:
  - Students enrolled on Census Day (10/4/2023)
    - **Who were still enrolled in the LEA as of 2/13/2024**
    - Whose meetings were late as of 2/13/2024

Using Report 16.21 to find current students with late meetings

- Run “as of” today and download in .csv format
- Filter for Overdue Meetings AND Meetings Held Late with a Meeting Delay Code of 90 or BLANK
- Check your special education data system to confirm:
  - If a later meeting has been held and needs to be submitted to CALPADS
  - If there is a valid delay code for Meetings Held Late
  - If meeting has not been held, is there a valid delay and should a pending MEET record be submitted

Using Report 16.21 to identify students transferring in on active plans

- Run “as of” today and download in .csv format
- If the SELPA and/or DSEA do not match your SELPA/LEA, that means that your LEA may not have adopted the PLAN for the student and posted to CALPADS – see example below:

SELPA_Code	SELPA_Name	SELPA_Code2	SELPA_Name2	DistrictSPEDAccountability	DSEAName
1000	SELPA 1	1000	SELPA 1	1900001	DSEA 1

6000	SELPA 6	6000	SELPA 6	1300014	DSEA 14

One LEA sampled reported over 9 unique SELPAs and over 16 unique DSEAs

Doing this regularly will help avoid SENR0606E4!

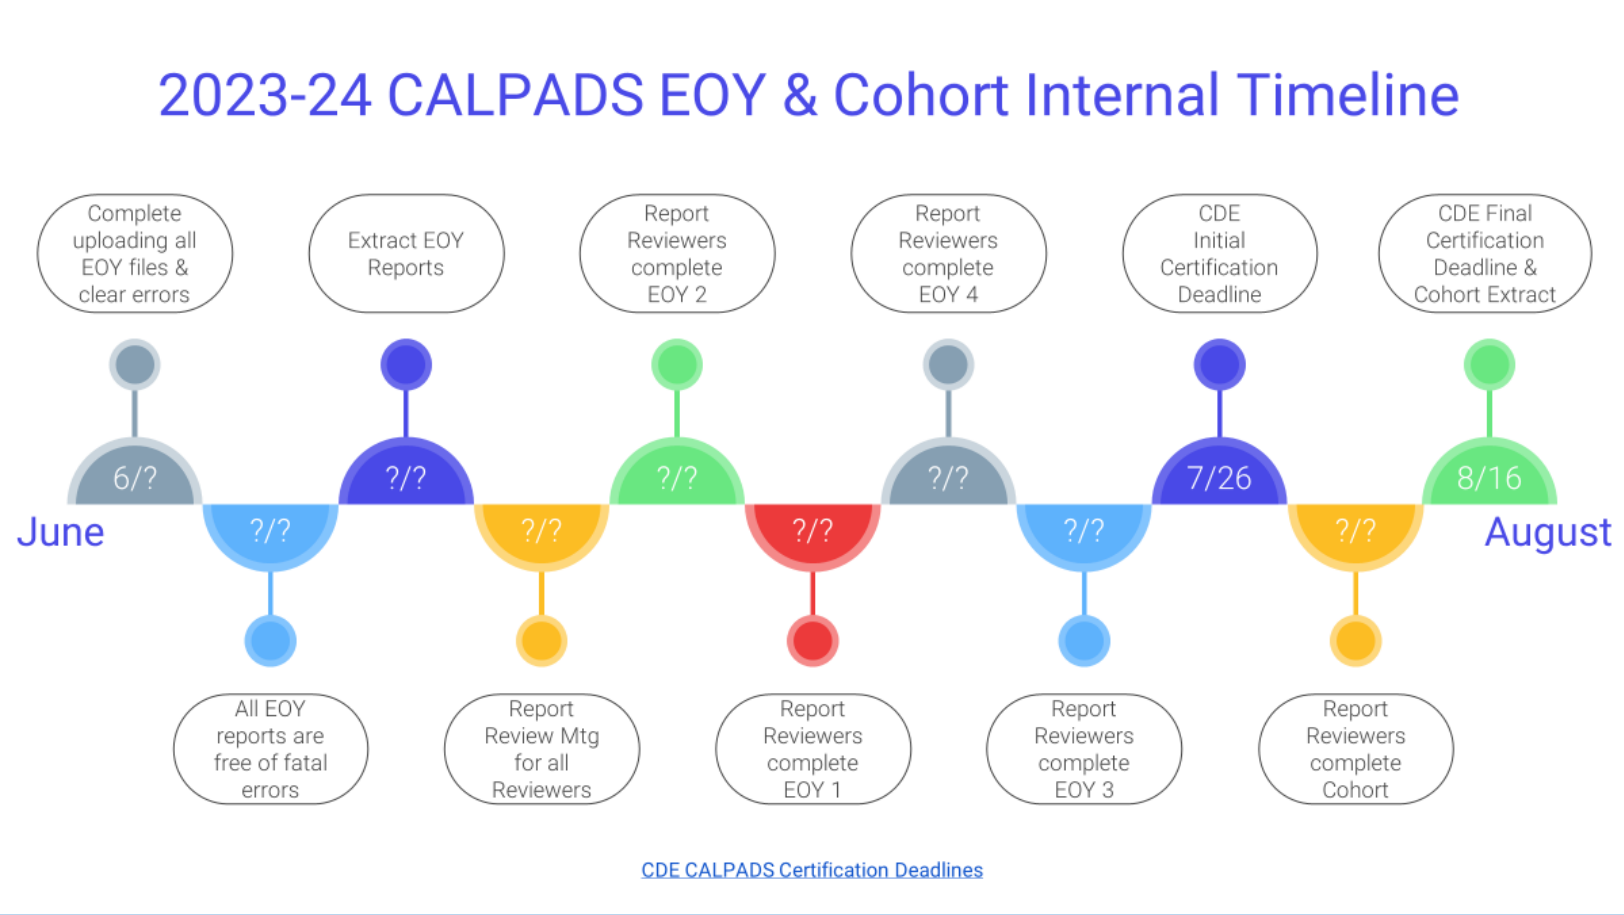

Preparing for End-of-Year 2024

EOY 2024 Deadlines

CALPADS Submission	Census Day	Primary Data Submitted	Official Submission Window	Certification Deadline	Amendment Window
End-of-Year (EOY) 1 2023–24	N/A	▪ Course Completion for Grades 7–12 ▪ Career Technical Education (CTE) Participants, Concentrators, Completers ▪ Work-Based Learning Indicators	May 7, 2024 to July 26, 2024	July 26, 2024	July 27, 2024 to August 16, 2024
End-of-Year (EOY) 2 2023–24	N/A	▪ Program Eligibility/Participation	May 7, 2024 to July 26, 2024	July 26, 2024	July 27, 2024 to August 16, 2024
End-of-Year (EOY) 3 2023–24	N/A	▪ Student Incidents ▪ Cumulative Enrollment ▪ Student Absence Summary ▪ One-Year Graduate and Completer Counts ▪ Count of English Learner (EL) Reclassified during School Year ▪ Homeless Students	May 7, 2024 to July 26, 2024	July 26, 2024	July 27, 2024 to August 16, 2024

Key Staff Availability

- When creating your EOY data reporting calendar, ensure that administrators are aware of the key staff that need to be available for the following activities:
  - SEDS audits
  - Data submission and error resolution
  - Report review and certification

EOY 4 Data Requirements for Students with Disabilities

- **Between July 1, 2023 and June 30, 2024** - Children and students ages zero – 21 (inclusive) who:
  - Were ELIGIBLE AND PARTICIPATING in special education on an IEP, ISP, or IFSP
  - Were evaluated for special education but were determined to be:
    - Eligible, Not Participating
    - Not Eligible
  - Exited the special education program
- Postsecondary Status data for students with disabilities who exited secondary education in the 2022–23 academic year

EOY 3 Data Requirements for Students with Disabilities

- **Between July 1, 2023 and June 30, 2024** - Children and students with disabilities ages 3 – 21 (inclusive) who:
  - Had incidents involving a violation of *Education Code* Sections 48900 or 48915, even if the incident did NOT result in suspension or expulsion
  - Had incidents that resulted in physical or mechanical restraint or seclusion, even if it was not affiliated with a violation of *Education Code* 48900 or 48915

Local Special Education Data System Audits

BEFORE the submission window opens and school ends…

Use custom or vendor-created searches

- Use SEDS searches (custom or vendor-created) to monitor your data
- If your SEDS has created searches for you to use to monitor your CALPADS data, take advantage of them
  - You may also be able to modify those searches to better suit your data
  - Search the following:
    - LRE fields (Program Setting 5K-22, General Education Participation Percentage)
    - Parent Involvement
    - Last and next Plan Review and Reevaluation dates
    - Parent Consent dates for pending students
    - Transition Indicators

Save/Lock All IEPs and Amendments

Ensure teachers and case managers have saved or locked IEPs and amendments, **even in cases where a meeting took place but parent has not signed the plan**

If there is an IEP meeting date in the SEDS, ensure that the meeting actually took place on that date, correct if necessary

If an amendment was started by mistake, delete the amendment.

Review Any Students Marked as “Do Not Report”

- Review any transactions that you have marked as “Do Not Report” in your SEDS
  - Is this a *reportable transaction*? If so, correct the error and submit the transaction to CALPADS
    - A “*reportable transaction*” is any **event** with a date between 7/1/2023 and 6/30/2024
      - Initial evaluation
      - Annual plan review
      - Eligibility reevaluation
      - Amendment
      - Overdue Pending meetings as of 6/30/2024

Ensure Students are Properly Exited from Special Education

- Check with case manager and ensure any students who were exited from Special Education, have all necessary exit information populated in the SEDS
  - Exit Date
  - Exit Reason
  - Eligibility Status
- Run a search in your SEDS for active records that contain an exit date and/or reason, and process the exit if necessary

Review SSID and Local ID Fields

- Ensure the SSID and Local ID fields are both populated in the SEDS (file will fail in CALPADS if not populated)
  - Some vendors have created custom queries you can run to check this
- Ensure that Enrollments exist in the student information system (SIS) for the following types of transactions:
  - SWDS of 1 – Eligible and Participating
  - PLAN records
  - SERV records
- Submitting these records without an overlapping enrollment will result in GERR0005

Review Transition Services

- Verify transition services:
  - Every student 16 or older must have a transition plan with all 8 transition questions answered, as well as transition services on the IEP.
  - Any transition responses that are answered NO **in error** must be fixed via an Amendment.
- Be proactive and identify any students who will need transition meetings soon (15-year-olds)

Review Data for Students in Nonpublic Nonsectarian Certified Schools (NPS)

- Review data for all students attending NPS schools:
  - School of attendance
  - Primary Residence
  - % of time in General Education
  - Program setting
  - Service provider
  - Service location

Compare Students in SEDS Against Students in the Student Information System

- Investigate students who are in one system and not the other. If a student is exited in the SIS, they should be exited in the SEDS (likely with a code 76 [Transfer] if they are moving).
  - If a student is exited from special education in the SEDS, ensure that they are not still showing as a SWD in the SIS.
  - If a preschooler or private school student has exited special education in the SEDS, ensure that their CALPADS enrollment is also exited.

Review Pending Meeting Types

- Ensure a pending transaction (Meeting Type 30) is submitted for any student who received parental consent for initial evaluation who is PENDING INITIAL EVALUATION as of June 30.
  - Ensure these records have the following fields populated:
    - Referral Date
    - Referring Party
    - Meeting Type = 30 (Pending)
    - Plan Type = 300 (Pending)
- If meetings have been held for these students, generate a transaction with the appropriate outcome of the initial evaluation
- If parents revoked consent and the student will not be assessed, deactivate the student's record and DELETE the pending record from CALPADS

Ensure All Incidents for SWDs are in documented in the SIS

- Work with your CALPADS Administrator to make sure **all incidents** for students with disabilities are documented in the student information system. **This includes any incidents occurring for students enrolled at including Nonpublic Nonsectarian Certified (NPS) schools**:
  - Check with special education administrators for any Behavioral Emergency Reports (BER) with evidence of:
    - Violations of Education Code 48900 or 48915
    - In- or Out-of-School Suspensions
    - Expulsions
    - Physical restraint
    - Mechanical restraint
    - Seclusion

Conduct Postsecondary Outcome Survey

Surveys should be sent out to all SWD who exited special education in the 2022-2023 cohort with:

- School Completion Status Code
  - Graduated, standard HS diploma (100)
  - Students with Disabilities Certification of Completion (120)
  - Adult Ed High School Diploma (250)
  - Received a High School Equivalency Certificate (and no standard diploma) (320)
  - Passed CHSPE (and no standard diploma) (330)
  - Completed grade 12 without completing graduation requirements, not grad (360)

Or alternatively, a student exits using one of the following exit reasons:

- No known Enrollment – Truant (E140)
- Prior completion of Special Education (E125)
- Expelled No known Enrollment (E300)
- Other or Unknown (E400)
- Medical Reasons (E410)
- Transferred to College (T280)

- More detail can be found in CALPADS Flash #203 (archived) at the following link: https://cde.box.com/s/xxw11upt2b76nvnqnmsawvw83r5b02z0

Auditing Data in your Local Special Education Data System AFTER SCHOOL ENDS

Exiting Graduates and Completers that are NOT Returning

- Work with your SIS administrator and identify any SWDs that are high school graduates (or other completers that will NOT be returning the following year)
- Ensure that these students are exited from special education in the SEDS

SIS Enrollment Exit Codes that **May** Trigger Special Education Exits

- E125 PriorComplSpecEd
- E130 Died
- E140 NoKnownEnrollTruant
- E170 NonPrimaryEnrlExit
- E230 CompleterExit with Completion Statuses of:
  - 100 Graduated, standard HS diploma
  - 102 Pathway Diploma for Students with Disabilities
  - 120 Student with Disabilities Certificate of Completion
  - 250 Adult Ed High School Diploma
  - 320 Received a High School Equivalency Certificate (and no standard HS diploma)
  - 330 Passed CHSPE (and no standard HS diploma)
  - 360 Completed grade 12 without completing graduation requirements, not grad
  - 485 Promoted (matriculated to NonCAPubSchls)
- E300 ExpelINoKnownEnroll
- E400 OtherOrUnknown

Submit Postsecondary Follow-up Results

- Ensure all SWDs who have exited secondary education in 2022-23 have been surveyed for their postsecondary outcomes and responses have been recorded in the special education data system.
- For students who refused to answer or the LEA was unable to contact – record those results as well

Identify Students Completing Work-Based Learning Programs

- Work with case managers to identify SWDs who have completed at least 100 hours of any work-experience program in any grades 9-12 :
  - Workability
  - Department of Rehabilitation Student Services
- Assist your CALPADS Administrator in identifying any courses for SWDs that focus on classroom-based work exploration
- Ensure these data are entered into the SIS for work-based learning reporting

Data Submission and Error Resolution

Submit and post your transactions

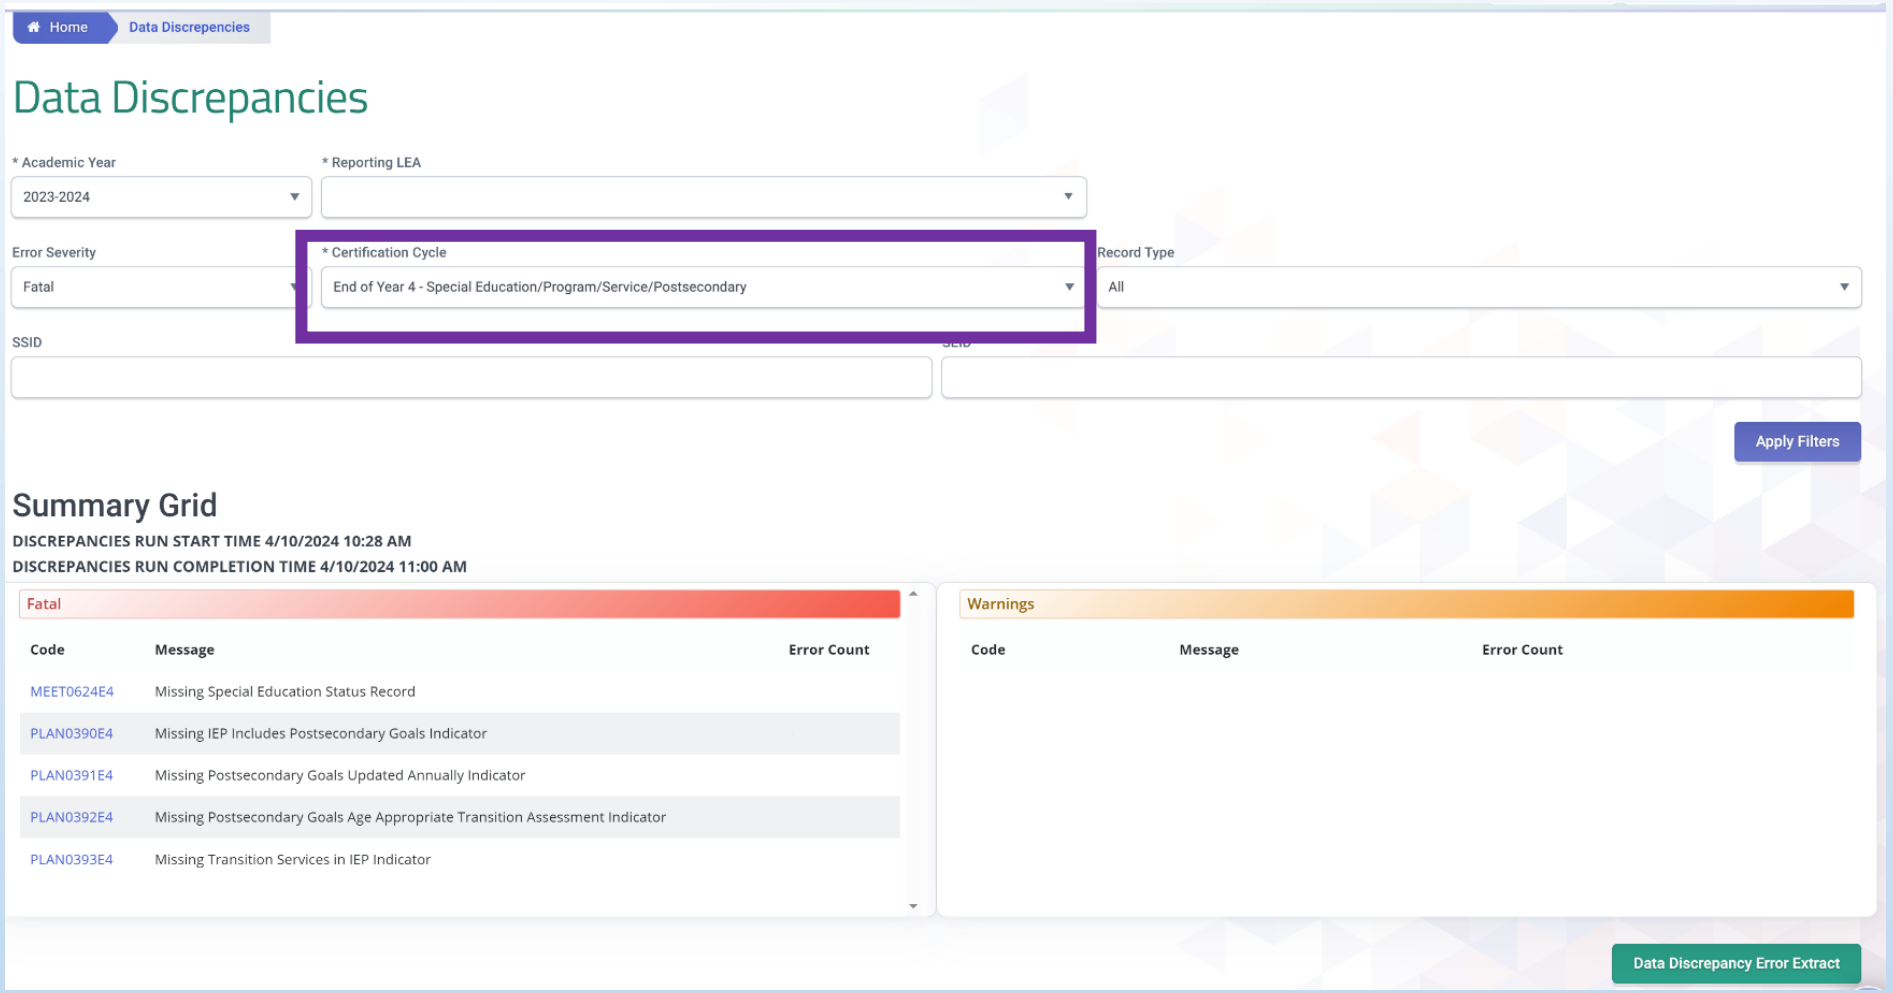

- After performing the local audit on your SEDS, ensure all transactions are submitted AND POSTED to CALPADS
- If your local SEDS indicates the records have been posted, you should STILL confirm this in CALPADS

SEDS and CALPADS do not Match

- There is a known issue with SEIS where transactions were incorrectly marked as Accepted by CALPADS
  - Transactions from late September/early October 2023 were incorrectly marked as Accepted by CALPADS
  - SEIS bulk updated transactions to restore non-accepted transactions to reportable, but they did not catch everything
- Additionally, there is a unique situation that can create transactions with no data
  - If a case manager erroneously selects Yes for “Transferred Student,” the affirm does not create a MEET record. If the IEP is affirmed as unsigned, the affirm will not create PLAN or SERV records. This creates an empty transaction that, when posted to CALPADS, updates to “CALPADS accepted” status
- SEIS is updating the way transactions are displayed to more clearly indicate which records are created in each transaction and the status of each record

Wake up May 7th Error-free!

Check your Data Discrepancies and fix them before the window opens!

Find your Data Discrepancies

- Navigate to your Data Discrepancies and then find your EOY Data Discrepancies that will become FATAL
- Find out how to resolve the errors by visiting the CALPADS User Manual Error List: https://documentation.calpads.org/Troubleshooting/ErrorList/

High-Frequency Data Discrepancies

SENR0606E4

SENR0606E4 – Missing Plan Record for Enrolled Eligible and Participating Student with Disabilities

When students transfer into the district from another LEA, from a private school located inside or outside of the LEA, or from out of state, a PLAN record must be reported by the new LEA

- Report 16.21, the Data Discrepancy User Interface, and the SSID Extract can help to identify students enrolled in your LEA with active PLAN records in CALPADS that don’t have PLAN records reported by your LEA
- Collaborate with CALPADS and SIS coordinators to identify these students on a regular basis – it is recommended at least weekly

MEET0624E4

MEET0624E4 – Missing Special Education Status Record

If a student has a non-pending MEET record, they must have at least one SWDS Status record

Most likely due to unsigned evaluations and reevaluations (rare)

- Monitor unsigned meetings in your SEDS
- Submit a SWDS reflecting the outcome of the meeting while working to obtain parent signature
- For students found initially eligible, submit a status of 2 – Eligible, Not Participating with a non-participation reason of 12 – No Education Plan (Other Reasons)
- For students found ineligible, submit a status of 4 – Not Eligible with a non-participation reason of 21 – Not Eligible
- Once parent signature is obtained, submit an updated SWDS if necessary

PLAN0637E4

PLAN0637E4 - Eligible and Participating student on an Education Plan is not currently enrolled

- Student has a SWDS of 1 – Eligible and Participating
- LEA with the most recent PLAN Effective Date has no overlapping enrollment

- Currently disabled - CDE is in discussion about how to limit the scope of this validation before it is turned back on.

This changes the error to look only at current-year enrollment exits that still have a SWDS Status of 1 – Eligible and Participating. The error must still be investigated and the SWDS or enrollment must be updated accordingly.

PLAN0390E4 – PLAN0397E4

PLAN0390E4 – PLAN0397E4 Missing Transition Indicators

When Plan Type = 100 and Student Age >= 16 years old, 8 Transition Indicators are required in the PLAN

- IEP Includes Postsecondary Goals Indicator
- Postsecondary Goals Age-Appropriate Transition Assessment Indicator
- Supportive Services Indicator
- Student IEP Participation Indicator
- Postsecondary Goals Updated Annually Indicator
- Transition Services in IEP Indicator
- Transition Services Goals in IEP Indicator
- Agency Representative IEP Participation Code

Reporting LEA vs. DSEA

Therefore, your LEA may be ACCOUNTABLE for students reported and certified by other LEAs – BE AWARE AND INFORMED!

How do I verify the DSEA information in CALPADS?

***Accountability* DSEA Extract**

-SWDs reported by other LEAs with the requestor as the DSEA (receiving)

-SWDs reported by the requestor with a different DSEA (sending)

-Limited in grade level and enrollment status.

- Does not include charter schools

***Informational* DSEA Extract**

- SWDs not enrolled in the requestor's LEA but have their LEA populated as the DSEA

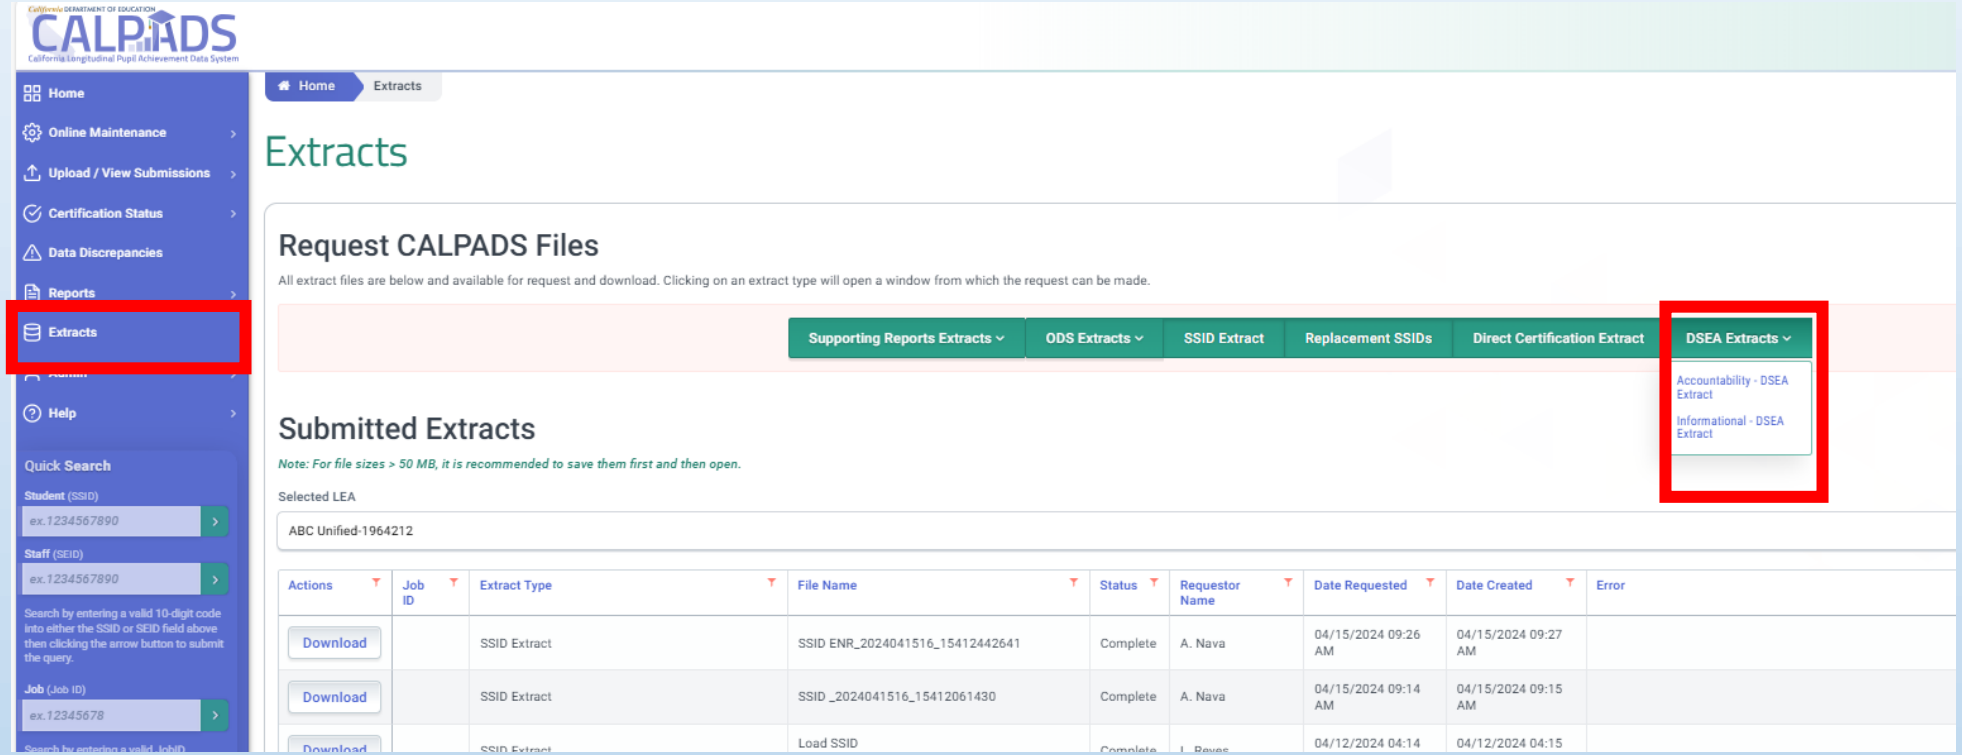

- All grade levels and enrollment statuses

-Includes charter schools

- ✓ Ensure ALL SWDs enrolled and on active plans 7/1/2023 – 6/30/2024 are reflected
- ✓ Review plan types
  - ✓ Check for IFSPs - if you serve infants. If you do not serve infants, the number should be 0.
  - ✓ Check for ISPs if you serve students at private school(s) within your district boundaries. If you do not serve students at private schools, the number should be 0
- ✓ Review counts by primary disability
  - ✓ Is the count consistent with your SEDS?
  - ✓ How does the count compare with prior years?

- ✓ Download the CSV file from CALPADS
- ✓ Apply age filter (>= 16) and review students with BLANKS or “No” in the Transition Indicators – verify this is correct **(Indicator 13)**
- ✓ Compare the school of attendance and Program Setting – are there any outliers where the school and setting do not match (e.g. students with a “Separate School” setting enrolled at a traditional school)
- ✓ Verify the Primary Residence Code for accuracy – especially students in residential placements

- ✓ Run report 8.1a (Student Profile Exits) to find SWDs who exited in 2022-23 with specific completion statuses or exit codes
  - ✓ Is this consistent with what's in your SEDS?
- ✓ Have postsecondary statuses been reported for all those students, including "Not able to contact" and "Refused to answer"?
- ✓ Did any of those students re-enroll in 2023-24 for any reason, including transition services, if so, they should not have been surveyed

- 16.XX (New) – Late Initials 60-day Timeline and 3rd Birthday – Student List (**Indicators 11 and 12**)

Stupid Data Tricks….Using 16.21 to find late initials – 60 Day Timeline

1. In the CALPADS reports menu, select Accountability/Monitoring Reports
2. Select Report 16.21 – Late Plan Reviews and Revaluations
3. In the “As of Month” select current month
4. In the “As of Day” select current day
5. In the Student Age filter, select ages 3 and higher
6. Click “View Report”
7. Download the report in CSV format
8. Open in Excel
9. Sort by Parental Consent for Evaluation Date
10. Look for dates that are greater than 60 days from the current date (you can also create a formula to do this in Excel)

9. Sort by Student Birthdate
10. Look for students whose Meeting Date is blank or is greater than Student Birth Date

EOY 3 - Incident Data for SWDs – Certification Report Review

What are the EOY 3 Data for SWDs used for?

- Data are used for:
  - California School Dashboard
  - Dataquest
  - Public reporting for Restraint and Seclusion
  - Federal reporting for IDEA
  - SPP/APR – **Indicators 4a and 4b**

What are LEAs Certifying in EOY3 for Students with Disabilities?

From July 1 through June 30 of the academic year…

Incidents involving violations of Education Code Sections 48900 and 48915 even if they did not result in suspension or expulsion and;

Incidents resulting in the use of behavioral restraints and seclusion even if they were not a result of a violation of Education Code Sections 48900 and 48915

LEAs should refer to:

California Education Code Section 49005.1 for specific definitions of restraint and seclusion	Refer to FLASH #159 for a summary of the discipline file restructuring

Incident Data for ALL Students

- Incidents for ALL students are tracked in the SIS
- There are specific data that are tracked for students with disabilities:
  - Instructional Support Indicator (required to be populated if student is suspended or expelled)
  - Removal to Interim Alternative Setting Reason Code (45-day placements)
  - Incident Result Authority Code
- **Also remember that any incidents for students attending NPS schools must be reported**

Communication is Key!

Special education staff would know:

- If the student was receiving instructional support (IEP implementation) during suspension or expulsion
- Who authorized the disciplinary action against the student
- Whether or not the student was on a 45-day placement
- If a student attending an NPS had any incidents reported

Special education staff should regularly provide SIS staff with this information for population in the SIS

- ✓ 7.12 includes general education as well as SWDs
- ✓ Review of this report is necessary to identify potential Disproportionality (**Indicators 4a and 4b)**
- ✓ Download in CSV format
- ✓ Add subtotals to Excel spreadsheet to identify students who were cumulatively suspended (in or out of school) or expelled more than 10 days
- ✓ Identify students with disabilities

Purpose of Restraint and Seclusion Data Collection

- Beginning 2019-20, this collection provides the CDE information regarding the use of restraint and seclusion for students receiving either **general education or special education** to fulfill the statutory requirements of ***Education Code* Section 49005.1**

Definition of Mechanical Restraint

- Definition provided in Education Code 49005.1:
  - (d) (1) “Mechanical restraint” means the use of a device or equipment to restrict a pupil’s freedom of movement.
    - (2) (A) “Mechanical restraint” does not include the use of devices by peace officers or security personnel for detention or for public safety purposes.
    - (B) “Mechanical restraint” does not include the use of devices by trained school personnel, or by a pupil, prescribed by an appropriate medical or related services professional, if the device is used for the specific and approved purpose for which the device or equipment was prescribed, which shall include, but not be limited to, all of the following:
      - (i) Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports.
      - (ii) Vehicle safety restraints when used as intended during the transport of a pupil in a moving vehicle.
      - (iii) Restraints for medical immobilization.
      - (iv) Orthopedically prescribed devices that permit a pupil to participate in activities without risk of harm.

Definition of Physical Restraint

- Definition provided in Education Code 49005.1:
  - (f) (1) “Physical restraint” means a personal restriction that immobilizes or reduces the ability of a pupil to move the pupil’s torso, arms, legs, or head freely. “Physical restraint” does not include a physical escort, which means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of inducing a pupil who is acting out to walk to a safe location.
    - (2) “Physical restraint” does not include the use of force by peace officers or security personnel for detention or for public safety purposes.

Definition of Seclusion

- Definition provided in Education Code 49005.1:
  - (i) “Seclusion” means the involuntary confinement of a pupil alone in a room or area from which the pupil is physically prevented from leaving. “Seclusion” does not include a timeout, which is a behavior management technique that is part of an approved program, that involves the monitored separation of the pupil in a nonlocked setting, and is implemented for the purpose of calming.

What the Prior Year Data Have Shown

	2019-2020	2020-2021	2021-2022	2022-2023
Number of LEAs that reported	313	173	258	291
Instances of restraint reported	7,468	2,179	7123	7113
Physical Restraint	7,367	2,173	6026	6785
Mechanical Restraint	101	6	97	328
Instances of seclusion reported	804	202	529	719

- Out of 992 local educational agencies in 2022-23 – only 291 reported (29.3%)
- Many large LEAs reported ZERO incidents for both general education and students with disabilities

Common Issues Leading to Underreporting for SWDs

Underreporting of restraint and seclusion for students with disabilities:

- Special education staff are unaware that **Behavioral Emergency Reports** (including those for students enrolled at NPS schools) must be documented in the STUDENT INFORMATION SYSTEM
- Master contracts between LEAs and NPS schools do not clearly outline the state reporting requirements
- Key disciplinary staff within the LEA are not involved in the review of the data being sent to CDE

Restraint and Seclusion and Annual Determinations

- Annual Determination Letters issued this year included **informational counts of incidents of restraint and seclusion for students with disabilities**
- Data will be used in making monitoring determinations beginning in 2024–25

Data Quality Improvement Efforts for Restraint/Seclusion Data

- **Data Evaluation and Analysis Unit will:**
  - Provide each SELPA with information on incidents of restraint and seclusion reported over the last 2 years for its members (end of April)
  - Provide training on restraint and seclusion:
    - During spring roadshows to all local educational agencies
    - Directly to Nonpublic Schools
- **Assistance from SELPA is requested in the following areas:**
  - Communicating to LEAs that they must ensure a process is in place to identify, document, and report incidents of restraint and seclusion for LEAs
  - Assisting LEAs in identifying when its necessary to document Behavioral Emergency Reports (BER) in the student information system

Where can you find restraint/seclusion for your LEA?

- Downloadable Restraint and Seclusion files can be found at the following web page:

- ✓ Verify counts in the Transition Work-Based Experience and Transition Classroom-based Work Exploration columns
  - ✓ Are students who have completed at least 100 hours of Workability and Department of Rehabilitation Services programs represented in the Transition Work-Based Experience column?
  - ✓ Are students who have completed at least four semesters of classroom-based work exploration courses represented in the Transition Classroom-based Work Exploration column?
  - ✓ Verify student list in Report 18.2 – Student List (filter for Work-based Learning Types 60 and 65)

Looking Forward for 2024-25!

Other local auditing that will impact monitoring and Fall 1

Review Preschool to Kindergarten Transitions (PLAN0619F1)

- Identify preschoolers that will be transitioning to Kindergarten (including Transitional Kindergarten) and plan for dates when amendments to the program settings will need to be created when the student turns five years old
  - Students in Kindergarten who are five years old cannot be in an Early Childhood program setting (PLAN0619F1)

Review General Education Participation Percentage

- Review the percentage of time IN a general education classroom:
  - Review by case manager to find percentages that may have been swapped (erroneously reported percent OUT of gen. ed.)
  - Do special day class (SDC) teachers have percentages that are way too high?
  - Do Speech-Language Pathologists have percentages that are way too low?

Review Pending Meeting Types – Annual Plan Reviews and Reevaluations

- Identify any students whose annual plan review and triennial reevaluations are OVERDUE as of June 30.
- Some SEDS vendors require that pending MEET records be submitted through CALPADS Online Maintenance
- Submission of the pending MEET records with valid delay reasons will prevent these students from showing as OVERDUE on Report 16.21

Populating Degree of Support

- Degree of Support will not be required for the 2024-25 academic year
- LEAs should populate this field during a “triggering event” for the student (e.g., annual plan review, reevaluation, initial evaluation or amendment)
- Only Degree of Support 1 will be required, Degree of Support 2 is being turned into a filler field in the PLAN file layout
- LEAs should populate this field from now until Fall 2025, when it will be required and used for reporting in CalSAAS
- Information on how to identify the Degree of Support can be found in the Student Degree of Support Guidance in the meeting materials link

2024-25 Changes

Revised Meeting Delay Codes

- The current Meeting Delay Codes are being revised to include updated definitions and some consolidation
- As a result, the CALPADS Valid Code Combinations will change as well
- New code names and definitions are currently being vetted with SELPA and the SEDS vendors
- The proposed changes can be found in the meeting materials folder

Non-Participation Reason Codes

- Code 24 – Withdrawal is being retired effective 6/30/2024
- New codes are being added:
  - 27 - Not Eligible - No Parental Consent for Initial Provision of Special Education and Services
  - 28 - Not Eligible - Written Revocation
  - 29 - Eligible - Cessation of Service without Revocation
- Definitions are being revised for most other codes to provide clarity.
- The proposed changes can be found in the meeting materials folder
